

Preprocessor.hpp

```
graph BT; Preprocessor_cpp[Preprocessor.cpp] --> Preprocessor_hpp[Preprocessor.hpp]; Recognizer_cpp[Recognizer.cpp] --> Preprocessor_hpp;
```

A diagram illustrating file dependencies. At the top is a gray rectangular box labeled 'Preprocessor.hpp'. Below it are two white rectangular boxes: 'Preprocessor.cpp' on the left and 'Recognizer.cpp' on the right. A blue arrow points from 'Preprocessor.cpp' up to 'Preprocessor.hpp', and another blue arrow points from 'Recognizer.cpp' up to 'Preprocessor.hpp'.

Preprocessor.cpp
