

`Segmenter::findLineMarkers`

```
graph LR; A[Segmenter::findLineMarkers] --> B[Clip::height]; A --> C[Clip::width];
```

A diagram showing a central node on the left, 'Segmenter::findLineMarkers', which is a light gray rectangle with a black border. Two blue arrows originate from the right side of this node. The top arrow points to a white rectangle with a black border containing the text 'Clip::height'. The bottom arrow points to another white rectangle with a black border containing the text 'Clip::width'.

`Clip::height`

`Clip::width`
