

`Segmenter::applyThreshold`

```
graph LR; A[Segmenter::applyThreshold] --> B[Clip::height]; A --> C[Clip::width];
```

The diagram illustrates a function call. A grey rectangular box on the left contains the text `Segmenter::applyThreshold`. Two blue arrows originate from the right side of this box. The top arrow points to a white rectangular box containing `Clip::height`. The bottom arrow points to another white rectangular box containing `Clip::width`. All boxes have a black border.

`Clip::height`

`Clip::width`
