

Shape.hpp

```
graph TD; Shape_hpp[Shape.hpp] --> vector; Shape_hpp --> utility;
```

A diagram illustrating the relationship between the Shape.hpp header file and two other files. The top box, labeled 'Shape.hpp', is shaded gray and has two dark blue arrows pointing downwards to two white boxes below it. The left box is labeled 'vector' and the right box is labeled 'utility'. Both boxes have a thin gray border.
